I understand I must have a printed copy of my thesis to all committee members at least one week prior to the defense date. I understand that failure to submit a printed thesis to my honors thesis committee one week prior to the deadline could result in the postponement of my defense to after the deadline and may require the postponement of graduation to the following term or I may be required to graduate without honors.

I understand a missed deadline, thesis proposal due date, committee date, scheduling date, or defense date may result in the postponement of my thesis defense and/or graduation with honors distinction.

**I have read the above and all the materials in this packet and agree to comply with all policies set forth in this document. I understand my thesis defense may be postponed if I do not follow these procedures. In cases where postponement will entail selecting a new defense date that falls after the deadline to defend within a particular term, graduation with honors distinction may be deferred to the following term or I may choose to withdraw from the honors program.**
