Please provide, in detail, the criteria by which the student will be issued a grade for thesis credits. The method of grading should align with the expectations outlined on the previous page. Include points for each expectation, total possible points, and a grading scale.

By signing below, all parties agree to the student expectations as written on page 1 and the objective grading criteria on page 2. All parties acknowledge this document serves as the sole agreement/understanding between the honors student and the faculty mentor regarding expectations and grading associated with these thesis hours. This agreement may not be altered without the written permission of the Honors Program Director. The student and the mentor understand that thesis hours are analogous to any class and the grade will reflect the performance and progress of the student throughout the semester. A grade of incomplete will only be permitted under extenuating circumstances as approved by the Honors Program Director.
